

River/Boating Safety

- When rafting or boating, always tell someone your route and when and where you expect to put in and take out.
- Alcohol and boating/rafting don't mix! Don't drink and boat!
- Wear a life jacket!
- Have a back-up plan for emergency contact in case your trip is cut short by an unforeseen obstacle or emergency.
- Never float the river alone and, if possible, make sure there is at least one oared craft in your group in case a rescue is needed.
- Bring a dry bag with food, water, and warm clothes.

Be safe, boat safely and have a great summer!
